Why choose Selwyns?

Modern, comfortable vehicles, ranging from 16 to 80 seats

Our fleet is made up of vehicles of various sizes. No matter the size of your group, we'll be able to cater for you. Our vehicles range from 16 seater minibuses, to 80 seater double decker buses.

Professional, fully DBS checked drivers

All our drivers are DBS checked, and we have our own in house training manager, which means they are fully equipped to give you the best possible experience on the day!

All vehicles fully fitted with seatbelts

Passenger safety is of the utmost importance! All of our vehicles are fully fitted with two or three point seatbelts, just one of the reasons why we hold the BUSK Benchmark.

24/7 breakdown support service

Our inhouse team of engineers work tirelessly to maintain our vehicles and keep them in tip top condition. They also provide our 24/7 breakdown support. We were recently awarded the Engineering Gold Standard in the National Express Operator Awards.

Alcolock

Prior to a driver commencing the walk round check of the vehicle, they must undertake a breath test. The pass for the breath test is not the legal limit, but 0. We have a zero tolerance on this policy. If a driver does blow a positive result the employment of that driver will be terminated. In addition to this we operate random drug testing throughout the company.

CCTV on all of our vehicles

In addition to our existing safety measures including driving behaviour monitoring hardware, all vehicles are fitted CCTV. This further ensures the safety and security of our passengers and staff.

Live vehicle tracking system

Coming soon is our exciting new "Where Is My Coach?" system - this will enable you to see a live map indicating the location of your coach.

Our Fleet

Selwyns are proud to have an extensive fleet over our Manchester and Runcorn depots, all maintained to a very high standard by our wonderful staff.
