Why choose Selwyns ?

Modern, comfortable vehicles, ranging from 29 to 80 seats

Our fleet is made up of vehicles of various sizes. No matter the size of your group, we'll be able to cater for you. Our vehicles range from 29 to 80 seats double decker buses.

Professional, fully DBS checked drivers

All our drivers are DBS checked, and we have our own in house training managers, which means they are fully equipped to give you the best possible experience on the day!

All vehicles fully fitted with seatbelts

Passenger safety is of the utmost important! All of our vehicles are fully fitted with two or three point seatbelts, just one of the reasons why we hold the BUSK Benchmark.

24/7 breakdown support service

We have our own inhouse team of engineers who work hard to maintain our vehicles and keep them in top condition. They also provide 24/7 breakdown support. We have been awarded the Engineering Gold Standard in the National Express Operator Awards in 2016, 2018 and 2019.

Drugs and alcohol testing

Our drivers are breath tested daily for everyone's safety. This is done prior to commencing the walk around check of the vehicle. The pass for the breath test is not the legal limit, but 0. We have zero tolerance on this policy. In addition to this we operate random drug testing throughout the company.

CCTV on all of our vehicles

In addition to our existing safety measures including driving behaviour monitoring hardware, all vehicles are fitted with CCTV. This further ensures the safety and security of our passengers and staff.

Live vehicle tracking system

The tracking system called 'Where is my coach?' system - this enables you to see a live map indicating the location of your coach.
